

Application for trees

Does your school want to plant fruit-bearing trees to feed people, create jobs, and benefit the environment? One or more of our commercial partners may be able to sponsor your trees. To see if you can provide a good home for some trees, we need to know a few things about your project. If you qualify then seedlings will be delivered to you free of charge. Please complete this form and return by email to info@bwebajjafruittree.com. We'll let you know as soon as we can if you've been successful - then all you have to do is get planting!

Note that we can only supply trees to locations within Uganda.
